

<p>SCREEN 1.</p> <p>The Presenter links to the website, and the first screen appears. It should look something like the image to the right.</p>	
<p>SCREEN 2.</p> <p>The User taps the CALL MARTY button, and the following happens:</p> <ol style="list-style-type: none"> 1. The second screen appears. It looks something like the image to the right. 2. Marty says, <i>“Hello. It’s Marty the SMARTIE. And here is your question.”</i> 	
<p>SCREEN 3</p> <p>Screen 3 appears. It looks something like the image to the right. Marty says: <i>“Your Question is, ‘What is Debt’. When you think you know the answer, press the red button to record it. When you are done, press the green button to send it to me.”</i></p> <p>When the User does as instructed, Marty gives one of the following responses:</p> <ul style="list-style-type: none"> • If the User is right, Marty says: <i>“You are so right! Pick a SMARTI Card to see what you’ve won!”</i> • If the User is wrong, Marty says: <i>“Oopsie! Debt is when you owe someone money. Better luck next time!”</i> (This will be recorded by the voice actor and, as per our discussion, will be handled by HTML.) 	
<p>Todd: I’m not sure how it should end. Any suggestions?</p>
